

Experienced Professional Resume Style Guide

UNC Kenan-Flagler – Master of Accounting Program

Your resume is typically the first impression you make as a candidate, and it should be an accurate representation of yourself - your academic, professional, and extracurricular experiences. A traditional business resume is always **one page**, but for experienced professionals who have over 10 years of experience, two pages can be warranted. The following are some general guidelines that we recommend specifically for **experienced professionals**. We recommend you utilize these suggestions in addition to our general MAC Resume Style Guide.

GENERAL FORMATTING GUIDELINES:

- Times New Roman (preferred)
- Font sizes: Name, 12; Major Section Headings, 12; Text: 10.5
- Narrow margins (0.5”) are recommended; however, feel free to adjust the margins to keep your resume to one page.

CONTACT INFORMATION:

- Include your first and last name, address, telephone number, email address, and LinkedIn URL.
- We recommend utilizing your full address; however, feel free to use just city and state if you have safety or privacy concerns.
- Ensure the outgoing message on your voicemail states your name and instructions for the caller briefly and professionally.
- Remember to [customize](#) your LinkedIn URL.
- We recommend using your Kenan-Flagler Business School email account, but if you use another, make sure that it is a professional address and regularly check.

 FIRST AND LAST NAME (ALL CAPS) LinkedIn URL	999 Street Address • City, State Zip (999) 999-9999 • youremailaddress@kenan-flagler.unc.edu

PROFESSIONAL SUMMARY (OPTIONAL):

The primary purpose of a professional summary statement is to provide the reader with a quick overview of your skills and achievements. This section is optional and should only be utilized by individuals with **substantial** professional experience. We recommend using the paragraph and bullet combination. The paragraph should summarize your experience, while the bullets should summarize relevant skills. This statement should enable employers to gain an immediate sense of your unique value proposition. Resume real estate is valuable - so if you opt to utilize a professional summary statement, make it count! Keep it engaging - this statement should entice the reader to keep reading your resume.

- The paragraph and bullet points offer an opportunity to introduce key words that are closely associated with a particular job, industry, career, or job description.
- Do not reiterate points already stated within the resume.
- We recommend a minimum of 6 bullet points.
