

Tower 3 Investments

Founded in 2018, Tower 3 Investments is a single-family investment office that invests in private equity, public equities, real estate and select credit strategies. Tower 3's investment approach is patient and opportunistic, evaluating each investment opportunity as a long-term investment where long duration capital can unlock exceptional returns.

Tower 3 is seeking a Director of Public Equity Investments to join its tightknit investment team, serving a critical role supporting its senior investment managers. The Director of Public Equity Investments will participate in all aspects of the firm's investment process, with a focus on due diligence, investment evaluation, and portfolio monitoring. Candidates with the fundamental traits described below are encouraged to apply.

Who Are We Looking For?

Given Tower 3's team size, investment approach, and family environment, finding the right fit based on top tier soft and hard skills is essential. The right candidate will find our diverse investments and open investing mandate intellectually compelling and will dig into investment themes to develop pattern recognition and unlock hidden insights. Emotional intelligence, dedication to work quality, personal discretion, and impeccable integrity are prerequisites.

Scope of Role

Support the Chief Investment Officer in all aspects of managing a public portfolio in Developed & Emerging markets globally consisting of equity and related securities.

- ◇ Perform due diligence and deep dive fundamental research to reach conclusions and recommendations on existing portfolio and prospective positions
- ◇ Collaborate with Tower 3's network of underlying managers to identify and research new investment opportunities
- ◇ Provide real-time and weekly updates to CIO on individual investments, portfolio construction, and risk
- ◇ Build and maintain financial models, research notes, and industry databases for evaluating companies and market segments as part of Tower 3's investment process requirements
- ◇ Stay abreast of market conditions and developments that may affect the investment holdings and strategies
- ◇ Collaborate effectively with other employees on research, process improvement and firmwide initiatives

Desired Qualifications

- ◇ Undergraduate degree required; Master's degree or CFA preferred, with a strong academic record
- ◇ 5+ years of work experience in public equity investing
- ◇ Solid judgment, intellectual curiosity, and willingness to take a differentiated perspective
- ◇ Self-starter who excels at taking initiative independently but is comfortable in a collaborative environment
- ◇ Professionalism and confidentiality in representing the firm
- ◇ Ability to write clearly and succinctly in a variety of communication settings
- ◇ Strong analytical, quantitative, and critical reasoning skills
- ◇ Team-oriented personality, interested in group accomplishments over individual accolades

What We Offer

- ◇ A comfortable, flexible work environment in a small team structure
- ◇ Ongoing opportunities to develop skills and knowledge
- ◇ Ability to play a key role in Tower 3's future growth
- ◇ Competitive compensation and benefits

Interested Candidates should send an email and resume to Nan Bowden: nbowden@tower3invest.com
